The experience with transitioning has been great. Everyone at the bank has been extremely accommodating. They make me feel that my business matters. I like that the bank still feels like a small town bank even though we are in quite a large community.

They are very responsive to communications as well as follow through, and have made my banking experiences painless. Finbank has been outstanding in the services they have provided me. The staff is friendly and go out of their way to ensure everything is done right the first time. Thanks ☐
